—Capt. J. P. Stevens and family will remove very soon to the residence of Mrs. Thos. Green.

—A cornet, played by Mr. Geo. Hunter, is the latest addition to the choir of the Presbyterian church.

—Messrs. J. McC. Martin, J. D. Vertner and L. McLaurin of the Port Gibson bar, are in the city.

—Sheriff McNulty, of Pike, and Mayor A. A. Boyd, of Summit, gave us a pleasant and substantial call last week.

—The Mite Society of the Methodist church will meet next Friday night at the residence of C. H. Manship, Esq.

—Union Prayer Meetings are being held at the Presbyterian church on Sabbath afternoons, from 4:30 to 5:30.

—The bridge of the N. & J. Road across Bayou Pierre was washed away Friday night. It is being rapidly rebuilt.

—A young gentleman named George Washington, was added to the family of Mr. W. A. Whiting on the 22d of February.

—Hon. R. N. Miller, of Copiah, accompanied by his accomplished wife, were guests of Gen. Smith of this city last week.

—We are indebted to Senator George and to Representatives Singleton, Manning, Money and Muldrow for valuable public documents.

—We are indebted to the thoughtful kindness of our good friend and neighbor, Dr. W. C. Rodgers, for a file of late ashville papers.

—We are glad to know that Mr. T. M. Kerr and family have returned to Jackson from Boston and will make this city their future home.

—Mrs. Mary C. Barksdale is visiting the family of her brother, Mr. R. E. Craig, 242 Phillips street, New Orleans, and will be absent several weeks.

—Miss Louise Clark, one of Jackson's brightest young ladies, has taken a situation in a private school at the residence of Capt. T. T. Hart, near Utica.

—The Bakers creek bottom which was overflowed last week and impeded trains on the V. & M. Road, is free of water and the trains are running O. K. again.

—Rev. Dr. Roubenush and family will reside for the present at Brandon. It is quite probable that Dr. Roubenush will establish a boy's high school in Jackson.

—We are indebted to that steadfast friend of THE CLARION, Capt. J. T. Buckley, West Station, for a club of seventeen subscribers at that postoffice.

—Auditor Gwin has returned from his plantation near Greenville and makes a favorable report of the condition of the levees in that vicinity on the Mississippi side.

—The millinery department of Stedman & Co.'s enlarged store will be in charge of a New York milliner, and lady clerks will be a praiseworthy feature of the establishment.

—It will be seen by official notice elsewhere that the Board of Trustees of A. & M. College will, on 20th June, elect Professors for the chairs of Mathematics and English Literature.

—Dr. William Stewart (son of Col. J. D. Stewart) and his charming wife are visiting his father's family after an absence of six years in West Feliciana Parish, La., where he is doing a large practice.

—Dr. M. W. Boyd left for Jacksonville, Fla., on Monday night. After tarrying there for awhile he will return to Jackson, and resume the practice of his profession here, where he has a host of friends.

—Bishop Thompson will make an official visit to St. Andrews church on Sabbath next—preaching in the morning and also at night. At the night service, the rite of confirmation will be administered.

—Dr. Byron Lemly has moved into his new store, two doors above the old stand, which he has thoroughly refitted and painted, and where everything is so tastefully and conveniently arranged that it is a delight to look upon it.

—Mr. JERRY HORN, of the Meridian Mercury was at the Capital last Saturday, on business of his office. The Mercury has survived the destruction of its materials by the late fire, and will soon be itself again. It was largely, though not fully, insured.

—The portrait of Ex-Gov. Claiborne, which we publish to-day, is the work of a lady artist, Miss C. W. Clark, of New York, who has done some other very acceptable wood-engraving for this office—another evidence of what woman can do when she has a fair chance.

—An entertainment for the benefit of the new Methodist church building will be given at the residence of Mr. H. M. Taylor on next Thursday night. An attractive programme has been arranged. Tickets 25 cents. No reserved seats except for those who first arrive.

—Two of Jackson's most beautiful and charming ladies, Mrs. Mollie Batte and Miss Annie Mitchell, have returned from Port Gibson, where they were visiting Miss Mollie Myles whose visits at the Executive Mansion are recalled with delight by her numerous friends in this city.

—Messrs. Cassidy and Thompson, of Brookhaven, and Messrs. Martin and McLaurin, of Port Gibson, took in the Clarion establishment, in all its departments, during the past week. We also had the pleasure of a call from our "never-stop" subscriber and friend, S. L. Scott Esq., Treasurer of Franklin county.

—Gen. G. Y. Freeman, of Grenada, a talented and highly accomplished gentleman, will lead to the altar to-night one of the most beautiful and lovely young ladies of Jackson—Miss Rosa Belle Hunter, daughter of Rev. Dr. Hunter. The church has been handsomely decorated for the interesting occasion.

—In most of the cities where there are railroad crossings over which trains are constantly running, it is customary for the companies to have the tracks watched for the safety and convenience of the public who are compelled to use them. We respectfully throw out this suggestion in view of the constant travel over the main tracks in West Jackson.

—On the 1st day of January last, the Presbyterian church of this city was in debt to its pastor and treasurer to the amount of \$801.42. On Monday morning last, a member of the Session took the matter in hand, and in two hours time raised the full amount and \$10.83 over. The members of the congregation who were called upon responded very promptly and liberally, as the result shows.

—The Union School Agency, Brandon, has a card in this issue. This Agency has been established less than six months, but has been very efficient in securing situations for teachers, and in supplying schools and private families with competent and acceptable instructors. It is the only agency of the kind in the Southwest, and under the very capable management of Messrs. Clark & Mayers will continue to grow in favor with the profession whose interest it is designed to subserve.

—Harry Taylor, the contractor for CLARION Building, has added an elegant iron veranda to the front, and underneath same Frank Olin has laid down one of his best pavements. As soon as the painting is finished, Scutter will photograph the establishment, and then our artist will try his skill on an engraving, so that our friends generally may see how well prepared we are to serve the public in all departments of our business. The contractor and all his workmen have taken special pains to give us an elegant and substantial building.

—We had a call yesterday from Rev. Chas. L. Harris, an intelligent colored minister of the Congregational denomination, who comes here to organize a church of that faith and order. Services, for the present, will be held in the hall of the Hope Fire Company. Mr. Harris has been assigned to this work by a great Missionary Society of his Church, amply able to sustain him should local support be insufficient. He preached for several years in Mobile, and comes here from Birmingham, Ala. He is entitled to and will no doubt receive a cordial reception.

—MARRIED.
ADKINSON—GREEN—February 21st, by Rev. C. B. Galloway, Mr. Andrew J. Adkinson to Miss Helen Green, both of this city. The happy couple will please accept THE CLARION's congratulations and best wishes.

—Death of Mrs. Dr. Evans.
We learn that this estimable lady, relief of the late and well known Dr. H. G. Evans, of Rankin county, died at her home near Stearns' Creek on last Friday morning, after a long and painful illness. Mr. EVANS, formerly Mrs. Pomeroy, lived in this city about thirty years ago, where she was married to Dr. Evans, and with whom she lived a most happy life until death called him away a few years ago. She was a member of the Methodist church and a most devoted and consistent Christian. Her place in society cannot be easily filled; and her loss will be deeply deplored by the entire community and relatives and friends, to whom we extend our sincere condolences.

The Crust of Tartar
Speedily leaves the surface of teeth upon which the cleansing and preservative influence of SODA-BICARBONATE is daily exerted. No form of decay can infect a set of "ivories" upon which it is used. It has, moreover, a most refreshing effect upon the month, in which it leaves a very agreeable taste, besides removing the brimstone fragrance. If the mouth be rinsed with it after smoking, the taste of the tobacco is entirely dissipated. As an auxiliary to personal cleanliness it cannot too highly be extolled. Sold by druggists.

If you are miserable and medicines have not helped you, do not give up, but try Parker's Ginger Tonic.

COTTON SEED OIL MILL.

We have been for a year past experimenting with and perfecting our "COTTON SEED OIL MILL," and have succeeded in making a MILL for a very moderate cost, and which will work as the largest and best of any of the kind, and for convenience of arrangement, ease of operation, and safety, is not surpassed by any.

This style of Mill has long been wanted in the Southern country, and one should be located in every neighborhood, to afford a home market for Cotton Seed, the hulls and meal of which have been extracted, is as valuable for fertilizing purposes as before. The Cotton Seed is made valuable for feeding stock, and finds a ready market at good prices. The oil is well known to be pure and safe.

Price of our Mills: No. 1 MILL (Capacity, 2 tons of Seed per day). No. 2 MILL (Capacity, 4 tons of Seed per day).

These prices, of course, do not include Engines, Shafting, Pulleys, etc. We are prepared to estimate for Mills complete, including Engines, Shafting, Pulleys, etc.

Our Mills can be run by the usual Gin engines of 10 horse-power and upwards.

We would be glad to correspond with any one wishing to buy a Cotton Seed Oil Mill, and will give them close estimates of every thing needed to make a successful business of it.
